EHS POLICY

Introduction

We, the management of **ECOART INFRA PRIVATE LIMITED**, believe that Man is not one of the 5 M's of the production inputs viz., Man, Machine, Material, Money, and Method. MAN is the creator and user of the remaining 4M's. He is the principle asset of our business and industry. MAN makes the difference between the success and the failure of an industry.

The aim of the Health and Safety policy is to achieve zero accident.

1. This safety policy is guided by the following principles: -
2. Concrete commitment about Health Safety and Environment in our Annual Report.
3. Safety consideration for worker while selection and promotion.
4. Involvement of purchase department for purchase of Personal protective equipment.
5. It is a duty of contractor and sub contractor to take care of safety of their worker employed by them under supervision of Director.
6. Safety training shall be imparted.
7. The Director shall be the overall in charge of safety with helping Manager, Supervisor and Worker.
8. Health Environment and Safety related statutory compliance is made.
9. The objectives of our Health & Safety policy are: -
10. To provide and maintain safe and healthy working condition, Equipment and systems of work for all our Employees.
11. To provide such information, training and supervision they need for this purpose.
12. To comply with all relevant statutory provisions pertaining to Environment, Health and Safety.
13. Safety should be linked form project stage including Equipment's, Machines and selection of Manpower and giving promotion.
